

WROOPS ORDERED TO SAIL FOR NICARAGUA MONDAY

Navy Rushes Plans to Send Marines; America's Policy Scored and Defended in Congress

WASHINGTON, Jan. 4. (P)—The Navy Department today ordered marine forces at San Diego and other bases to be ready to sail for Nicaragua next Monday. The submarine tender Argonne will sail from San Diego with a battalion of Marines. Ammunition and supplies for the detachment will be sent from the same port on the ammunition ship Nitro. The transport ship Ogalala, formerly the Shawmut, has been ordered to Hampton Roads, where she will embark about 425 Marines and twenty officers. The light cruisers Trenton, Milwaukee and Raleigh will sail from Charleston, S. C., carrying 1,000 men and ten officers.

The administration's policy in Nicaragua was characterized as a "series of blunders from start to finish" in a statement by Representative Boyden of New York. He said Central and South America will be "undoubtedly ask for an explanation of the policy" when President Coolidge attends the Pan-American conference at Havana. Rising to the defense, Representative Begg of Ohio declared that the situation in Nicaragua affords "the most glorious opportunity for a man who wants to be careless of his facts." He said that he could not sit to an indictment of his own country such as Huddleston had made, especially when the facts are based on newspaper accounts.

Declaring the Alabama members' remarks constituted "an inflammatory speech," Begg said he believes it is the duty of the United States to protect his life in whatever part of the world he might be. "I believe that America's future is dependent upon two things," he said. "First, fair treatment to all nations; second, a firm, courageous and fair foreign policy so that her own citizenship will respect that policy." Begg said that both Great Britain and Italy have requested the American government to protect the property and lives of their nationals in Nicaragua. "We maintain the Monroe Doctrine or disavow it like a man," he declared. Begg declared that American marines had been in Nicaragua from 1893 to 1924, and "let the request of the Nicaraguan government."

"This isn't a war," he said. "This is preserving the peace and protecting the lives of nationals of other countries because there is no stable government there. The United States is protecting the peace of the world." Representative Garrett, the Democratic leader, affirmed the policy of protection of American lives and property in foreign countries but asked when the life and property of any American citizen in Nicaragua

DISPATCH OF MARINES WILL NEARLY STRIP PACIFIC BASES

SAN DIEGO, Jan. 4. (P)—With the sailing of the transport Henderson for China next Saturday and of the Argonne for Nicaragua on Monday, the Pacific Coast will be stripped of Marine Corps forces. For the third time in less than a year the San Diego marine base will have less than a corporal's guard left to carry on the routine work of the large establishment. At the Mare Island and Puget Sound navy yards there are fewer than 100 marines available for overseas service. Col. Lyman, commandant of the marine base here, has been informed. Orders to organize three infantry companies, a machine gun and Howitzer company and a battalion headquarters, and to dispatch this battalion to Nicaragua on the submarine tender Argonne, not later than next Monday were received from Washington today by Col. Lyman.

had been endangered. He added that it is not the American policy to use force to protect American investments abroad and to collect American debts. INVESTMENTS PROTECTED Huddleston argued that the marines are in Nicaragua to safeguard American investments and declared that Henry L. Stimson, who during the summer served as a special American envoy to Nicaragua, in bringing peace between warring factions had promised Monrovia the Presidency of Nicaragua after he had indicated a friendly disposition toward New York bankers. Huddleston added that he does not believe the "real rulers" of the United States, the American people, are rejoicing when Stimson is reported to have killed any marine or government troops.

FATHER OF SLAIN MARINE PROTESTS TO COOLIDGE ST. LOUIS, Jan. 4. (P)—John S. Hemphill of Ferguson, Mo., a suburb, whose son, Sergt. John F. Hemphill, was killed last Saturday in action between marines and troops of Gen. Standino, a Nicaraguan rebel, today made public an open letter to President Coolidge protesting against what he terms the "disgraceful war" in Nicaragua.

"What are we doing is no less than murder for the sole purpose of keeping in power a puppet President and setting as a collector for Wall street," he wrote. "My son survived honorable service through the World War against Germany only to be officially murdered in a disgraceful war against this little nation."

NICARAGUA EXPECTED TO SEEK PRIVATE LOAN HERE WASHINGTON, Jan. 4. (P)—Nicaragua probably will need to raise a private loan in the United States to take care of claims against her government arising out of the recent revolution, Assistant Secretary Carr of the State Department said today. The loan also would be used to maintain a constabulary and for the expense of holding this year's Presidential election, Mr. Carr explained. "It is essential that the country be set on its feet," he said, adding that Nicaragua probably for the first time in its history through the American supervision, will have "a free and fair election in 1928."

MACNIDER QUILTS WAR POST

Assistant Secretary Wants to Re-enter Business; Another Iowan, C. B. Robbins, Succeeds Him

WASHINGTON, Jan. 4. (P)—The long-expected resignation of Hanford MacNider, Assistant Secretary of the War Department, materialized today and President Coolidge immediately nominated another Iowan, Charles Burton Robbins of Cedar Rapids, to succeed him. The resignation of MacNider, who has caused to be neglected for the last two years. It is likely that the plans of MacNider will be made known when he attends the State conference of American Legion officials here on February 22.

MacNider, who has been in the War Department since 1917, was accompanied by an interchange of complimentary letters between him and the President in which Mr. Coolidge took cognizance of the assistant secretary's desire to return to business pursuits. Like his predecessor, Robbins was State commander of the Iowan American Legion. He is a lawyer and a business man and has been active in Iowa Republican politics. He served in the Spanish-American and World wars, has been a judge of the Cedar Rapids Superior Court and now is serving as president of the Cedar Rapids Life Insurance Company. MacNider expects to return to his home in Mason City, where his father, Charles H. MacNider, is a leading Iowa financier, to re-enter the banking business. There have been rumors, however, that he expects later to identify himself again with politics but no confirmation of these has been obtained. MacNider has been mentioned as a possible candidate for the United States Senate in 1930 to succeed Senator Stack, a Democrat, but more frequently as a candidate for the Republican Vice-Presidential nomination.

Robbins' nomination. MacNider will continue to serve as assistant secretary, the President having fixed the date of his retirement at the 15th inst. FRIENDS IN DARK AS TO MACNIDER'S PLANS WASHINGTON, Jan. 4. (P)—Charles H. MacNider of Mason City, father of Hanford MacNider, who today resigned his post as Assistant Secretary of War, refused to make any statement or plans that his son may have for the future, friends of the young secretary were divided in opinion expressed today. According to one group in Des Moines, considered close friends of MacNider, he is giving up his position in order to take steps that may lead either to the nomination as the Republican candidate for the Vice-Presidency at Kansas City this year, or may lead to the United States Senate via the 1930 election here. It was pointed out here that MacNider is a strong administrative man, is from the ultraconservative State of Iowa, and is popular with the American Legion, whose National Commander he was for one term. He was a war hero and is young, 38 years of age. On the other hand, a source closely connected with Charles H. MacNider in his business, said today that Hanford has been virtually called home to take charge of business affairs which the failing health of his

EIGHT BILLIONS OFF WAR DEBT

Nation's Obligations Pruned by Immense Sum

Yearly \$1,000,000,000 Cut Maintained in 1927

Income Falling, Outgo Rising Report Reveals

WASHINGTON, Jan. 4. (P)—The public debt was reduced \$1,000,000,000 during the last year, representing a reduction of \$8,500,000,000 since 1919, when it reached its peak of \$9,500,000,000.

The Treasury estimated today that the reduction during 1927 represents a saving in interest of approximately \$40,000,000 annually, and leaves the gross debt today at \$18,000,000,000.

WAR BONDS TO PAY
The largest outstanding obligations are the remaining Liberty loan, \$4,000,000,000 being in Fourth Liberty, callable in 1935; \$2,147,000,000 in Third Liberty, redeemable next year, and \$1,853,000,000 in First Liberty, callable in 1932.

The total receipts of the government for the first six months of the fiscal year 1928 were \$1,800,000,000, a decrease of approximately \$42,000,000 from the corresponding period of the last fiscal year.

Expenditures for the first six months were \$1,924,429,801, an increase of approximately \$100,000,000 over the first six months of the last fiscal year.

INCOME TAX IS RIGHT
The largest source of income was from the income tax, from which \$1,025,922,879 was received during the first six months. This represents a decrease of approximately \$20,000,000 under last year, though receipts from income taxes for last December were \$10,000,000 in excess of December, 1926, receipts.

Other principal sources of income were \$250,000,000 from customs and \$311,194,147 from miscellaneous internal revenue.

General expenditures during the first six months stood at \$925,404,215, an increase of about \$18,000,000 over last year. The postal deficiency was \$13,000,000, against \$7,000,000 last year. Expenditures for the Shipping Board were \$17,000,000, an increase of about \$5,000,000.

JAPANESE PEER FINDS AMERICA FRIENDLY
TOKYO, Jan. 4. (P)—Count Kabe-yama, prominent business man and member of the house of peers, returning today from a visit to the United States, expressed the opinion that American public sentiment toward Japan is exceedingly favorable. He said the American naval plan for the proposed construction of auxiliary vessels is not expected to develop on a gigantic scale and that building will be entirely within the scope of the Washington Treaty. Indicating that there is no large construction program in view as had been reported in some quarters.

BROADCAST URGE HITS SENATE

Dill of Washington Asks For Microphone on Each Member's Desk

WASHINGTON, Jan. 4. (P)—Radio broadcasting of Senate proceedings was proposed in a resolution offered today by Senator Dill, Democrat of Washington, who would have each desk in the Senate chamber equipped with a microphone.

GOOD YEAR FOR FARMS PREDICTED

Jardine Says Outlook at Present Indicates Real Profit for Agriculture

WASHINGTON, Jan. 4. (P)—A better year than last year for the farmer was predicted today by Secretary Jardine, who said that unless there is a collapse in other lines of business which he does not contemplate, farmers generally should profit with reasonably favorable weather conditions.

"The farmers of the country are going into the new year with small if any surplus," he said. "Farm prices closed the year 97 per cent above the prewar level and were 10 points above a year ago on December 15. This was mainly due to cotton, the December price index of which was 182 compared with 81 a year ago. Grain prices were 1 point higher and fruits and vegetables 4 points higher."

AMERICAN VICTIM OF SLAYERS IN SILESIA

WARSAW, Jan. 4. (Exclusive)—Political murders in Upper Silesia killed George Tiedt, an American, with three revolver shots. They emptied his pockets of all identification marks and threw his body across the border line between Poland and Germany. They even cut his name out of his hat, but when the police took the body to the morgue it was discovered that he was tattooed from head to foot, with the name of his home town on his chest. No trace of the murderers has been found.

HISTORICAL SOCIETY RE-ELECTS DR. COY

SACRAMENTO, Jan. 4. (P)—Dr. Owen C. Coy, professor of history at the University of California at Los Angeles, today was re-elected executive officer of the California Historical Association by the State Board of Education trustees. Dr. Coy's salary was fixed at \$150 a month with the expectation that one-third his time will be devoted to promoting interest in California's history.

CHINA OUTLOOK STILL GLOOMY

State Department's Findings Revealed in Inquiry

Many American Vessels on Hand in Case of Need

Trade Holding Up Well in Spite of War Troubles

WASHINGTON, Jan. 4. (P)—American investments in troubled China now total approximately \$150,000,000 and to protect them seventeen naval vessels and 8527 men are stationed along the coast and in principal cities.

This State Department information was made public today by a House subcommittee which reported the department's appropriations bill and published recent hearings including testimony by Assistant Secretary Carr. The Assistant Secretary said stable conditions are not yet in sight, but that despite present conditions, American trade is "surprisingly holding its own." For the first nine months of 1927 American exports to China totaled \$22,500,000, a loss of \$4,000,000 from the 1926 figure, while Chinese exports to this country gained \$22,500,000.

Carr said Americans have not returned in any large numbers to interior China, but that missionaries, despite warnings from consular officials, have "been insistent upon going back, although they are simply courting danger and inviting more trouble for the United States."

NANKING REGIME NAMES FOREIGN ENVOY

SHANGHAI, Jan. 4. (P)—Partial reorganization of the Nanking Nationalist Cabinet, including the appointment of an envoy to Washington, was announced today. Dr. C. C. Wu was named as a special envoy to Washington to negotiate treaties between the Nanking government and the United States, which at present has diplomatic relations only with the Peking government. Dr. Wu, who as Foreign Minister was the most prominent official in the Nationalist relations with foreign powers, resigned last week. Dr. Sun Yat-sen, son of the late Dr. Sun Yat-sen, who resigned as Finance Minister at the same time, was appointed to the newly created post of Minister of Reconstruction.

T. V. Soong, Finance Minister of the Canton Nationalist government of last year, was appointed Finance Minister of the Nanking government. Soong is the brother of Mrs. Mailling Soong, recently married to Gen. Chiang Kai-shek, the leader of the reorganized Nationalists. Quo Tai-Chi, who has been Vice-Minister of Foreign Affairs, was appointed acting Minister of Foreign Affairs.

Nation Cops Only Pursue Offered Yesterday
Golfers for Tourney Opening Tomorrow

BY BILL WISE
The youthful New York golfer who hurled Walter Hagen and other celebrities to win two major tournaments in Florida last season, registered a 137 at the Los Angeles Country Club yesterday, to claim the prize money in the preliminary qualifying play of the third annual \$10,000 Los Angeles open championship.

Mr. Hagen, leading the selected field to California Country Club, came with a 73-70 to win the prize money offered in the tournament over six local courses. While more than 200 local golfers were present, only 100 were entered in the tournament. The Los Angeles Country Club is the site of the tournament, which is the first of a series of events to be held at the club during the winter season.

Mr. Hagen, one of the most successful and progressive members of the California Country Club, has won the prize money offered in the tournament over six local courses. While more than 200 local golfers were present, only 100 were entered in the tournament. The Los Angeles Country Club is the site of the tournament, which is the first of a series of events to be held at the club during the winter season.

Titular Golf Event Carded for Lakeside

Tommy Armour, national open king, and Al Watrous, Grand Rapids flash, California team champs, will defend the representative title won at the Los Angeles club last year, in the second annual best ball competition, tentatively scheduled for the Lakeside Golf Club, within the next few weeks. George Von Elm, former national amateur champ, and Leo Diegel, the longest wood shot player in international golf, promise to be the most dangerous challengers in the team championship affair. Bobby Cruickshank, Al Espinoza, Joe Turnesa, MacDonald Smith, and other nationally known golfers will play in the tournament that will follow the Long Beach championship next week.

Trojan Five Face Clubmen

With seven consecutive victories under their respective belts, the members of the Trojan basketball team were busy preparing for their return game with the Los Angeles Lakers, which is to take place tomorrow night at 8 p. m. at the U.S.C. basketball pavilion. The Trojan team, coached by Coach Leo Calland, has one of the best teams in the U.S.C. basketball league, and the Trojan team is expected to be a factor in the Pacific Coast Conference race for a championship.

Old Friends of the Gridiron Who Are Still Starring

Pro Footballers Open Season at Wrigley Field Sunday

Here we have three of the best football stars in the professional world today, each of whom cut his mark in deep letters on college gridirons. At the top, left, is George Wilson, who gained his All-American laurels at Washington, while at the right is none other than "Red" Grange, who since recovering from a leg injury is said to be a sixty-minute per game player. Below is that elusive will-o-the-wisp, Rabbit Bradshaw, who is playing with Wilson's Wildcats. They tangle with Grange's Yankees in the first game of the local season next Sunday.

Pro Footballers Open Season at Wrigley Field Sunday

Red Grange, the famous strawberry blond of gridiron fame, and his New York Yankee football team are ready to go against George Wilson's Wildcats at Wrigley Field.

The well-known red - thatched player who is the highest-paid performer in C. C. Fyle's football circuit is hot under the collar or rather under the molesters at Wilson's because of some remarks the former Washington star made about Red and his football team.

Wilson and his team arrived here ahead of the Grange outfit and George is said to have remarked that the "Gallop-ghost" was all washed up.

BILL LANE HOLDS POWER IN FREAK LOOP MEETING

Hollywood Magnate Votes for Four Clubs; Moguls Agree on Split of \$20,000 Prize Money

BY ED R. HUGHES
SAN FRANCISCO, Jan. 4.—The most peculiar meeting ever held in the Coast League convened in the Whitcomb Hotel today, when the club owners gathered to consider a schedule and the draft and other things.

OAK STARS BOUGHT BY NEW YORK

Official Announcement of Purchase of Lary and Reese Made by Yanks

NEW YORK, Jan. 4. (P)—Two of the most eagerly sought minor league stars in the country, Shortstop Lary and Second Sacker Reese, have been bought by the New York Yankees.

What made this meeting unusual was the fact that Bill Lane, president of the Hollywood club, showed up with the proxies of the Los Angeles, Seattle and Portland clubs, and how Lew Morong of Sacramento voted with him.

The club owners convened in the morning and then adjourned for lunch. Bill Lane had a man having five votes in a eight-club league, he has control.

Not much was done at the meeting, for Bill Lane did not have much of a program. Had Bill willed it, the universal draft would have been adopted, all the umpires would have been fired, and President Harry A. Williams would have been wondering where his office expenses were to come from.

PREXY LOOKS PLEASANT
Harry Williams, the president, sat around and tried to look pleasant. Bill McCarthy and Charley Graham of the Mission and San Francisco ball clubs went out to lunch. Tom Turner was marooned in Philadelphia, probably talking to the real owners of the Portland club.

Bill Kipper, the new owner of the Portland club, was not present.

The price for the two young stars was not disclosed, but (Continued on Page 2, Column 8)

RABBIT PUNCHES

BY PAUL LOWRY
OUR loving friends in the match-making business will only stage a bout between Newsboy Brown and Izzy Schwartz in Los Angeles, then we'll get the suspense over with and know who is at least the two-thirds flyweight champion of the world. Then "Frenchy" Belanger can keep his third interest, wished upon him by the National Boxing Association, and we'll all be happy.

At that, I can't figure out what Brown's victory over Johnny McCoy the other night makes him, besides the California flyweight king. It's something, but I don't know what it is any more than I know who will play the next New Year's Day football game.

Brown wouldn't fight in the Hollywood tourney, which established McCoy as the successor to Fidel La Barba, retired flyweight champion of the world, in the eyes of the California Athletic Commission.

He went out and fought Izzy Schwartz, who had been eliminated by Willie Davies in the first round of the Hollywood tourney. The New York Boxing Commission recognized the Brown-Schwartz bout as one for the flyweight championship of the world, and Schwartz won in fifteen rounds. But Schwartz was beaten here by Davies, who, in turn, was licked by McCoy, and McCoy was defeated handsily by Brown at the Olympic Tournament.

POLO SEASON GETS UNDER WAY AT MIDWICK TOMORROW

BY FRANK ROCHE
Polo gallops into the sporting spotlight in the Southland tomorrow afternoon when Arthur Perkins and his San Mateo team ride on the field at Montecito Park for a game with the Midwick Country Club. Tomorrow's game will be the initial tilt of the local polo season. Perkins is making his first appearance here since he left the Midwick Big Four following the close of the last polo year. He brings with him from San Mateo for tomorrow's tilt a sixteen-goal team which is made up of Willie Tavis, W. W. Crocker, Kenneth Walsh and himself.

Midwick will send a strong team on the field for the opening skirmish. In the line-up will be Eric Peckler, Midwick's ace; Dickey Scherwin, former San Mateo star, now a regular member of the Midwick Club; Gordon Cronkhite and Neil McCarthy. On Sunday a second match game will be played with San Mateo with Midwick using an entirely new line-up. In Sunday's game Elmer Boeske will captain a team composed of Teddy Miller, Hal Roach, Howland Faddock and himself.

Midwick officials are certain that the season, which opens Friday will be the greatest in the history of the west coast. The great Tommy Hitchcock, considered the best polo player in the country, is expected to appear.

HOLLYWOOD, TOILERS CLASH

Barring accidents, dark horses, and other athletic phenomena, the winner of tomorrow afternoon's Hollywood-Manual Arts basketball game on the Toiler floor should have an inside track on the City League basketball playoffs.

Hollywood's starting line-up is still in doubt, but it is probable that Coach Bill Paige will have Capt. Clem Sultenfuss and Hutchinson at forwards, Frank Green at center and Ted Lemcke and George Stoddell at guards.

He has two fair subs for the forward jobs in Duffy Lewis and Dan Johnson, both from last year's lightweight quintet.

Coach Motts Blair's tentative line-up includes Piper and Strum, forwards, Faimals and Woods, guards, and Finch, center. These Piper boys seem to pop up every other year or so and the latest member of the Piper family to make his appearance soon.

LA SALLE follows CADILLAC In Lower Prices on the Entire La Salle Line

By marketing more than 15,000 cars in nine months LaSalle has reached the goal set for it as a full year's achievement when Cadillac created this beautiful companion car.

The Cadillac company planned, by giving beauty and value in excess of all previous standards, to win for the eight-cylinder La Salle a market larger than so fine a car had ever been able to command before.

The purpose in this was precisely the same as the policy which has always governed Cadillac and recently resulted

in new and lower Cadillac prices—to command by lavish value-giving a demand so great for the La Salle Eight that economies and efficiencies would automatically ensue which would make it possible to lower prices on the entire La Salle line.

Enjoy the Prestige and Satisfaction
of a La Salle Now

Only a small outlay is required. Appraised value of your present car acceptable as cash. The balance payable in terms to suit your convenience.

Fifteen thousand loyal and completely contented La Salle owners make that possible today and Cadillac presents La Salle for 1928 as a quality offering so remarkable that it is not even remotely approached by any other car in the world today.

Coincident with this, La Salle offers new types which constitute it outstandingly the American family car of its class—superbly powered by the great Cadillac-La Salle heavy-duty engine and able to out-perform any car in its class or any car now before the public except Cadillac.

CONDEMNATION SUIT SETTLED

Edison Company Buys Land of Estate

Acquires Riparian Rights of Property

Million Dollars Said to be Involved

FRESNO, Jan. 4.—Settlement out of the Southern California Edison Company's condemnation suit against the Herminghaus estate, involving a demand of the defendants for \$2,000,000 for 17,436 acres of land and water rights on the San Joaquin River, has been settled out of court. It was indicated today in the filing of a decree here and in Madera county today conveying the land to the power corporation.

The land involved lies approximately thirty-five miles west of Fresno along both banks of the San Joaquin River, 177 acres being on the north bank of the river in Madera county and the remainder in Fresno county. It is principally pasture land used for cattle.

Settlement of this suit marks the clearing of the way for the proposed reservoir by the Edison company, a proceeding from which the Herminghaus estate was restrained by an injunction issued by former Judge J. Earl Woolley of the Fresno County Superior Court. It was maintained by Mrs. Herminghaus and her daughters, Mrs. Genevieve Bottoms of Fresno and Mrs. Victoria Pearl Womack, who claim the claim that the impounding of water in the reservoir was a violation of their riparian rights to the uninterrupted flow of the stream past their lands.

The court found for them, holding that under the doctrine of riparian rights they were entitled to the uninterrupted flow of the stream past their lands at all times even though they did not put the water to any use.

According to statements by attorneys for the power corporation subsequent to the court decision, which was upheld in the Supreme Court, the Edison company later paid the Herminghaus heirs \$150,000 for the right to take enough water from the river to fill the reservoir.

The so-called Herminghaus decision is one of the most important handed down in water litigation in California, affecting as it does all appropriation of water from California streams by the dam owners of riparian rights.

It was this decision which brought about action by the State Legislature last year by irrigation districts and other water users to modify the water laws of the state to such an extent that another such decision will be rendered virtually impossible, and to require beneficial use of any water by riparian owners.

Commander of Legion Favors Flood Relief

EL CENTRO, Jan. 4.—Edward E. Spafford, national commander of the American Legion, pledged his aid in securing the passage of legislation here last night, when he led 160 valley legionnaires assembled at the El Centro hotel, that he would go before Congress to secure the passage of flood relief legislation.

Spafford stated that previous to his visit to Imperial, he had been asked to understand why it was desired to remove the fill from the Colorado River levee at Yuma. He said that the heavy sediment was needed to fertilize the valley and that he would go before Congress to secure the passage of flood relief legislation.

Spafford stated that previous to his visit to Imperial, he had been asked to understand why it was desired to remove the fill from the Colorado River levee at Yuma. He said that the heavy sediment was needed to fertilize the valley and that he would go before Congress to secure the passage of flood relief legislation.

SMALL PROFIT TO DEALERS

Bootleggers Pay Large Part of City's Police Court Collections

BAKERSFIELD, Jan. 4.—Bootlegging in Bakersfield is expensive. Fines for illegal possession, sale and transportation of liquor during the year just ended totaled \$25,718, according to reports just completed by Police Judge John W. Frye and City Clerk Vance Van Riper. Of that amount, \$14,775 was paid into the city treasury by men sentenced to jail on liquor charges, who later paid their way out after serving a portion of their terms.

That liquor trafficking here is unprofitable even for the most astute of bootleggers, is indicated by the fact that liquor fines collected represent more than two-thirds of the \$25,718 collected in Police Court fines during 1927.

TWINS IN ABUNDANCE

Huntington Park Schools Have Twenty "Sets" of Brothers and Sisters of Same Age

HUNTINGTON PARK, Jan. 4.—Twenty sets of twins are attending the intermediate and grammar schools of the Huntington Park city school district, according to a survey which has been made of the schools in the district and it is found that, of this number, ten sets of the kiddies are natives of the State of California, while the remaining ten sets claim their birthplaces in other sections of the country, one set in Michigan, one in West Virginia, one in Ohio, one in Connecticut, one in Texas, one in Iowa, one in New York, two in Colorado and one in Canada.

The State-street school, just at the boundary line of this city, takes the lead with ten sets of twins. They are Dorothy Jane and Ruby June Kincaid, Maurice and Joyce Mary, and Willie Crawford, Edith May and Walter Rogers, Byron and Myron Hood, Doris and Dorothy McLaughlin, Herman and Sherman Palmerlee, George and William Burns, Clyde and Carl Walp, Luther and Edna Bennett.

The Miles-avenue school comes next, with four sets of twins: Margaret and Edna Bennett, Virginia Goun, Jay and Billy Smith, Bettie and Bobby Kasper.

At Irvington, following are Harold and Gerald Phillips, Leona and Simona Mayer, and Beate and Ragnor Magnus.

There are only two at the Malabar school, Everett and Earl Benson and Anita and Violet Smith, while at the Lincoln school, there are two, Lois and Lawrence Rly.

There are two other schools in the district where there are no twins at this time, according to reports from the principals.

City Bids for Big Convention

BAKERSFIELD, Jan. 4.—Bakersfield's City Council today joined in the city-wide movement to secure for Bakersfield the 1929 State convention of the California Association of Commercial Secretaries.

The committee will leave Los Angeles on Thursday for San Diego and El Centro. On Friday the trip will be made to Bakersfield, where the committee will meet with the local officials of the association.

The action of the Council brings the number of California cities competing for the convention to four. The committee will leave Los Angeles on Thursday for San Diego and El Centro. GROWS HIS OWN BIRD MUSIC

Missouri Man's Songsters Are Progeny of Males from Texas and California

KEOKUK, Jan. 4.—According to a letter received here by J. H. Pangburn, California is doing its bit to help out the Missouri bird songsters.

Pangburn yesterday received this letter from Kempley: "My two birds have his it off fine and are doing well. They have raised a brood that spends part of the time in the cage and part in the tree."

CHAFFEY'S FAME SPREADS

Applications for Admission to California School Come from Germany and Mexico

ONTARIO, Jan. 4.—From two widely separated points of the earth have come requests for admission to the Chaffey Junior College.

Dean Charles J. Booth received one letter from Alexander Frankel, written from Frankfurt, Germany, and the other written in Spanish, from Senor Pomposo Aguilar of Mexico City.

Upon receipt of the letter from Germany in which Herr Frankel asked for the privilege of being entered in the junior college Dean Booth sent a reply by air mail, urging the student to be in California by January 30, which will give him plenty of time to enroll for the second semester.

With Herr Frankel's letter were names of institutions which he has attended and the grades he received and also recommendations from his German business men. After graduating from German high school he studied in Berlin, Germany, later going to Palestine for instruction. While there he met Prof. E. E. Chaffey, who recommended him to the department at Washington, who recommended Chaffey.

The letter from Mexico City, written by Senor Aguilar, inquired as to the preliminary hearing on a case of Chaffey's fame, which he was serving in the department at Washington, who recommended Chaffey.

career.

London Daily Radio

BY ARTHUR W. KIDDY

NEWSPAPER, 1937, Jan. 4 (New Evening Post, New
York), (Wireless),—The
business on the stock exchange was
lived today, but the tone of the mar-
ket was generally good, especially
in investment stocks, though some
attention was given to the easing of
American exchange and the firmness
of money rates in New York.

Special attention was given here to
news from New York that bills
were to be introduced in Congress
reducing the rediscount rate perma-
nently from 3 to 2 per cent.

THE LANCER

By Harry Carr

ALTHOUGH I am a fan, I know the least about football of any living person in reasonable possession of a few of his faculties.

But I struck me, as a spectator of the New Year's game, that the sport would be more interesting if it were faster.

If, instead of "huddling" before the beginning of each play, the young gentlemen would make these family plans as they used to do in olden days—in the line of battle.

Certainly it would be less harrowing for the opposing team—not to have to stand there like lambs for the slaughter.

Also too many "penalties"—more technicalities than a lawsuit.

ROBERT SPOTS

Judging from the experience of the companionable bridge game, who spent New Year's Day dodging pistol shots, an appropriate wedding present when the Judge Lindsay variety of marriage comes into vogue, would be a steel shirt.

When they enter into one of these companionable affairs, they both agree that when the parting comes it will be quite a friendly affair and without regrets or back talk.

But, in practical experience, the same old salt tears seem to be in order.

Judge Lindsay is a busy little person; but his attempts to remodel nature seem not to have been notably successful.

HICKMAN'S TRIAL

This boy Hickman is entitled to a fair adjudication of the charge against him.

But his attorneys should count well the cost before they enter too deeply into any scheme to defeat the decent ends of justice by interposing trick technicalities.

It doesn't take a very vast legal brain to throw a monkey wrench into the machine; but the public sometimes remembers, for a long time, who busted the works.

THEY'LL GO IN SHOOTING

The illustrious Gen. Sandline of Nicaragua is very likely to find this a warm winter.

The government has seemed to see anything amusing in sending little isolated parties of marines down there in the jungles for these rebels to practice rifle shooting on.

Secretary Wilbur is embarking on a real fighting force on the navy transports. The next time Gen. Sandline sees a flag with red and white stripes and some stars in the corner, he will not mistake it for a target.

UNRESTFUL ARMY

Every time I pass the old Courthouse I see the status of Senator Stephen M. White standing there, with his right hand raised—for what I never have been able to find out. I always glance over to see if some day he will not get tired and lower it.

Statues of this kind are artistic atrocities. The great power of the Lincoln statue, the Lincoln Memorial in Washington is in its patient restfulness.

In other words, it is a statue of Lincoln—not a statue of a half-finished remark.

THIRD HEARING TODAY ON SAND PLANT PERMIT

The City Planning Commission, at 2:30 p.m. today will hold its third public hearing on the application of George Oswald, paving contractor, for a permit to build and operate a rock and sand and cement loading station at One Hundred and Sixteenth Street and Broadway. Property owners in the vicinity of the proposed plant are objecting.

EFFORT TO KILL WIDOW RELATED

Pair Say Los Angeles Doctor Choked Mrs. Appleby

Grand Jury Votes Today on McMillan Indictment

Hunt for Jewels in Vault Delayed by Red Tape

As the grand jury met yesterday afternoon to consider an indictment against Dr. Charles McMillan, charged with the murder of Mrs. Amelia Appleby, wealthy widow whose body was found tied to a car near the Pacific Palisades, deputy sheriff declared that new witnesses with important evidence to give have been located. While no official statement was forthcoming on the action of the grand jury, it is known that many of the main witnesses in the Appleby case were taken before the inquest yesterday, and that after the session Dep. Dist. Atty. Egan had an indictment drawn.

The grand jury will meet again this morning when definite action on returning any indictment may have been voted will be taken before Superior Judge Hardy, presiding judge of the criminal court division.

COUPLE DESCRIBE ATTACK
The new witnesses in the case, it was ascertained, are Mr. and Mrs. D. McLaughlin of 46 South 21st Avenue, Pasadena.

In a written statement made to Capt. Bright, head of the homicide squad of the sheriff's office, and Deputy Sheriff Stensland, the Pasadena couple declared they were in Yellowstone Park last August when a woman they now believe was Mrs. Appleby was attacked by a man described as a Los Angeles doctor. Mrs. McLaughlin recalled that they were walking in the park one night near Old Faithful geyser, when they heard a woman scream, and on reaching the scene heard the woman tell park rangers that the man who had attacked her had tried to choke her to death.

Her assailant, the Pasadena couple had fled from the scene, but his victim said he was a Los Angeles doctor who had accompanied her on an automobile trip.

TRIP EARLY ADMITTED
The testimony, the deputy sheriff said, corroborates information given in a telegram from Mrs. H. A. Sullivan, P.O. Box 2, Little Rock, Ark., which declared she also witnessed a choking scene in Yellowstone Park, in which Dr. McMillan was the assailant.

Those taken before the grand jury yesterday included Charles O. Whittier, who lived across from Mrs. Appleby's residence on North Hollywood Boulevard, and who identified Dr. McMillan as the man Mrs. Appleby was seen with shortly before she died.

LAW PROTECTS VAULT
Deputy sheriff who yesterday attempted to open a vault in a downtown bank that was retained by Mrs. Appleby were prevented by legal technicalities, but these are expected to be removed and the vault opened today.

The investigating officers are in possession of information that John Appleby, former husband of Mrs. Appleby and once a prominent Chicago inventor, had a hobby of collecting fine diamonds and left a valuable collection of these gems when he died. These diamonds have not been located as yet and the vault, it is believed, may give a clue to their whereabouts.

BATTLE LIKELY
That a battle will develop over the estate of the deceased, estimated at between \$500,000 and \$600,000, seemed inevitable yesterday. In the first place, as supposed with Mrs. Appleby and her estate, the estate of Dr. McMillan as sole executor and cutting off all relatives, is declared by deputy sheriff to have been forged by Dr. McMillan.

The will comes up for probate today and opportunity to file contents then will be at hand. Whether Mrs. Appleby's other estate will have representatives on hand could not be determined.

CITIZENS CATCH FIVE SUSPECTS

Co-operation Given Police Results in Arrests

Three Asserted Auto Thieves Captured in Act

Two Held as Purse Grabbers on Bystander's Charge

Co-operation of citizens with police resulted in the arrest of five robbery suspects yesterday, three of whom are charged with grand theft.

A truck driver, whose name the officers did not reveal, saw two men looking at automobiles parked near Third and Alameda streets and became suspicious of them. He continued to watch and saw the two get into a car and drive off.

Believing the machine was not the property of the two in it, the driver followed and at Los Angeles and Buick streets Officer Warr, took them into custody. They gave their names as Quigley Anderson, 30 years of age, of 1115 North 30th street, and Mike Torres, 21, both of 1200 Lewis street.

They were booked on suspicion of grand theft. The car belonged to R. B. Barrett, 1211 North 30th street, police report.

While O. W. Dwyer of 1207 Warren street, Long Beach, was sitting in a car belonging to A. Haley, 317 West Ninth street, near the latter's residence yesterday, he saw a young man climb into his own machine, which he had parked a short distance away.

Charging them with the killing of a woman, the officers arrested them after a five-block pursuit. Booked at the George Washington Hotel, the suspects are charged with the murder of Mrs. Appleby.

The grand jury will meet again this morning when definite action on returning any indictment may have been voted will be taken before Superior Judge Hardy, presiding judge of the criminal court division.

COUPLE DESCRIBE ATTACK
The new witnesses in the case, it was ascertained, are Mr. and Mrs. D. McLaughlin of 46 South 21st Avenue, Pasadena.

In a written statement made to Capt. Bright, head of the homicide squad of the sheriff's office, and Deputy Sheriff Stensland, the Pasadena couple declared they were in Yellowstone Park last August when a woman they now believe was Mrs. Appleby was attacked by a man described as a Los Angeles doctor. Hickman Pal Questioned on Slaying

After Facing Toms Murder Inquiry

Wally Hunt leaving grand jury room with Jailer Dewar

Family May Aid Hickman

Attorney for Kidnaping Slaying Leaves to Get Insanity Affidavits for Girl Murderer

Learned, repeated his confession of the Toms hold-up shooting and disclaimed it in detail, while Hunt stood on his constitutional grounds, refusing to testify.

Those who appeared before the grand jury were Mrs. Toms, the widow, and Donald J. Oliver, police officer, who fought a gun battle with the youthful bandit when they shot the "kidnaping" case.

The autopsy report of Dr. Frank Webb also was read to the jury, stating that a 25 caliber bullet killed the drugged Hickman, who was the caliber of the gun used by Hunt.

"FOX" IN TERROR
During the hearing "The Fox" was plainly ill at ease. When he is out of his cell at the jail, before the grand jury or in court, he is visibly nervous.

While the grand jury was again indicting his client for murder, Defense Counsel Walsh, announced his new associate, declaring they would seek no delay in the trial and would make no effort to evade the "kidnaping" case.

Attorney A. Greg O'Connell of Oklahoma City, retained as defense counsel for Hunt, appeared at the hearing. He said he had no announcement to make on his phase of the case, but that, however, he expects to retain local legal assistance.

BAR ASSOCIATION FOR CHECK ON PROSECUTIONS
The criminal law section of the Los Angeles Bar Association last night recommended the establishment of a "detention laboratory" where prisoners will be placed under the observation of scientists to detect criminal and abnormal tendencies.

The recommendation cited William Edward Driskill's kidnapping, slaying and killing of 12-year-old Marion Parker as an aftermath of his forged birth certificate and the law when he was placed on probation by a local court.

One of the cardinal features of the plan is that no prisoner would ever be released from institutional supervision without first serving a probationary period or parole at least six months and an absolute requirement for an application for parole could be heard would be stipulated to turn loose upon society depraved enemies of the social order.

HOLLERER RE-ELECTED
Former Judge Holler was re-elected president of the Nathan Strauss Palestine Advancement Society at the annual meeting of the organization last night at the Commercial Club. Alexander Brick, a past-president, was presented with a silver loving cup in recognition of his services to the society. A campaign song will be started, it was announced, to augment the membership fund for the purpose of raising money for the Palestine with loans at a low rate of interest.

DISCORD RENDS RUBINI'S HOME
Orchestra Leader and His Wife Disagree on Everything, Including Date of Wedding, But Both Want a Divorce
There are a lot of things upon which Jan C. Rubini, widely known orchestra leader, and his wife, Diane Rubini, differ radically, but the desirability of a divorce is not one of them.

At 3:30 p.m. yesterday Mrs. Rubini's complaint for divorce was filed in the office of the County Clerk. A few minutes later a messenger from the clerk's office delivered to the Rubinis a separate and distinct petition for divorce, at the filing window.

AINING RUM OWNER HELD PUNISHABLE

Judge Rules Possessor of Liquor, Not Titleholder, Must Serve Jail Term

Just holding a package of liquor to accommodate a friend is a violation of the prohibition law it developed yesterday when Judge Tankwich handed down his decision in the case of Dorris Pickett.

Mrs. Pickett did not deny that the police had found a few bottles of gin under the linoleum in her house at 840 West Washington Place. Nor did she deny that a couple of her friends were having a drink in her house just the same, she contended that did not make a lawbreaker out of her.

In the Municipal Court she was found guilty and sentenced to jail. She appealed and the matter came up before Judge Tankwich.

This is a mere quibble and no defense Judge Tankwich ruled. Possession is the offense, and it does not make any difference who holds record title to liquor, he declared. The judgment and sentence of the lower court were affirmed.

Zane Grey Sued for Accounting on Book Sales
Injunction against Zane Grey, popular western author, to prevent him selling any more copies of his book "The Thundering Herd" and demanding an accounting, charging infringement of copyright, was sought by a petition filed with the clerk of Federal District Court yesterday by Charles A. Maddux of Los Angeles.

Maddux charges Grey's book bears a marked similarity to a volume entitled "The Border and the Buffalo," written by John B. Cox who died intestate in 1917, and published in 1917, and he further declares all rights to the book were assigned to him by Cox's widow.

Prods on the book to date have amounted to more than \$500,000, Maddux states, and he asks that the Federal court restrain Grey from receiving any more money until an accounting can be made, and an equitable amount returned to him for infringement of copyright.

Funeral Service to be Tomorrow
Funeral services for Mrs. Josephine E. McCormick, who died at the family residence, 833 South Mariposa street, of heart disease following a brief illness, will be conducted at St. Vincent's Chapel, Figueroa and West Adams streets, tomorrow. There will be requiem high mass at 10 a.m. and interment will be at the Calvary cemetery.

Mrs. McCormick, who was 45 years of age, was the wife of Bernard O. McCormick, an architect of this city. She was the daughter of Col. Arnold E. Wall and Nellie M. Wall, who for many years before they came here to live had been residents of Los Angeles. Mrs. McCormick had many friends throughout Southern California.

In addition to her husband, she leaves a brother, Arnold E. Wall, and four sisters, Catherine C. Wall, Mrs. Richard E. Wall, Mrs. Nellie M. Gries and Mrs. Marie Perina, all of Los Angeles.

Mrs. Kierulff Given Divorce
Barbara Taylor Kierulff obtained a divorce yesterday from Charles R. Kierulff, Los Angeles merchant after brief proceedings before Judge Spruiell in the Superior Court.

Divorce was granted on a charge that Kierulff had deserted her March 6, 1928. The couple married May 31, 1918, and have two children, who are left in the custody of their mother.

Attorney Thomas White, representing Mrs. Kierulff, informed the court a property settlement has been reached into which Kierulff's earnings the family home at 132 North Wilton Place and \$25,000, in addition to \$100 a month for the support of the children.

PARTICIPANT IN DUEL MUST STAND TRIAL
Culminating a pistol duel at Van Nuys early on the morning of December 11, Rafael Alvarez of 11381 Hoyt street, Van Nuys, was held for trial yesterday by Municipal Judge Baird on a charge of assaulting Ed Padilla with intent to kill. Bail was fixed at \$100.

YOU COME IN AND HEAR THE NEW AMPICO SYMPHONIQUE

It is a Baby Grand piano in satin brown mahogany, made by the greatest builders of pianos in the world. And it contains the AMPICO discovery which enables the piano to play ITSELF—to play for your guests—for your children—for you. It is education, entertainment, relaxation and decoration, all in one. And the price is only \$1595

BOOK DEPARTMENT FIRST FLOOR ON DISPLAY

Announcing The VICTORY SIX BY DODGE BROTHERS

Simple fairness to this remarkable new product calls for words that would seem extravagant were they not so obviously and accurately truthful.

From an engineering standpoint The Victory is radically new, radically different and thoroughly original—is literally years ahead of its time in many vital features.

Subjected to long and peculiarly grueling tests over every kind of primitive road, it has emerged completely the victor—fit and ready to serve the advanced and exacting needs of today and tomorrow.

In a very real sense, too, it compares with no other car or class, because NO car, either here or abroad, provides features that are comparable.

To enjoy these advantages you must buy THIS car, for elsewhere they simply do not exist.

Revolutionary New Principles of Design

Two revolutionary new principles differentiate The Victory from all other motor cars:

1. For the first time since the invention of the automobile, the chassis and body of The Victory are a single

integral unit—the wide, deep Victory chassis frame, flush with the lines of the body, replaces the customary body sills. (Heretofore, the body was mounted on a sill and both in turn mounted on the chassis.)

2. For the first time in history, battle-ship construction (i.e., double steel walls) is applied to the motor car.

The results of these, and other basic innovations are astonishing in their effect on every phase of motor car value: beauty, comfort, safety, strength and most impressive and important of all—*performance itself*.

Spectacular Performance

With chassis and body a single unit, there are 330 fewer parts—175 pounds less weight—and an extremely low center of gravity.

The results are greater motor efficiency—increased power in relation to load—quicker pick-up—greater stability and flexibility—an easier car to handle—a faster car to drive!

21 miles to the gallon at 25 miles per hour is precisely what you can expect—with sustained high speed all day long at instant call.

Drive over cobbles and await the usual discomfort—it will never occur! The Victory is the smoothest riding car, for its type, ever built.

Safe, Strong and Stable

Because the chassis frame conforms precisely with the body lines—with *no body overhang*—and because of the car's low center of gravity (weight close to the ground) The Victory is remarkably stable—tipping, skidding and swaying are reduced to a point positively negligible!

Turn a sharp corner and you will understand!

And the double steel walls mean double protection in case of accident—double the safety of any type yet known. A staunch body, with doors that close with a substantial and non-metallic snap.

Internal-expanding Lockheed-Hydraulic brakes, a rigid, 8-inch chassis frame, wide windows, full-vision windshield and thin steel corner posts are further vital factors of greater safety.

Quiet and Comfortable

The aim of all engineering is simplicity, for simplicity means economy—strength—*SILENCE*.

There are only 8 major parts in The Victory body—and they are welded into a single unit. Not a joint to squeak or rattle. Body and chassis act together, mutually flexing, mutually supporting, without stress or strain. A *SILENT* body.

And Dodge Brothers powerful new six-cylinder motor—specially engineered for The Victory—preserves this luxurious quietness at all speeds.

A Car of Striking Beauty

Body and chassis built as a single unit—without the customary body sill—permits lower over-all height with liberal head-room and road-clearance.

Splash shields, a constant source of noise and annoyance are replaced by the wide, deep Victory chassis frame; wide heavy-gauge one-piece fenders and drum-type head-lamps are provided. Upholstery, hardware, instruments, color combinations and other appointments satisfy the most exacting demands of style and good taste.

Indeed, you have a distinct and thrilling impression that the car in which you are riding is long, low, swift and safe—a car of surpassing originality and smartness down to the smallest detail.

And you are equally conscious that in the production of this car, Dodge Brothers have adhered strictly to the standards of dependability and long life which have distinguished their product for more than thirteen years.

Proceeding on this solid foundation, they have achieved a result as original and striking by comparison as was the first Dodge Brothers motor car displayed to the public on January 1st, 1915.

RADIO TRADES FROLIC ON AIR

Program to Be Broadcast at Breakfast Club

Chamber Gives Dinner Today to Honor LaFont

"Beggars' Opera" Will Be Offered by KPO

BY DR. RALPH L. POWER

The earliest broadcast event today, outside of the regular programs, will be over KPWB at 8 a.m., when the Radio Trades Association of Southern California stages its monthly meeting at the Pasadena Club on Riverside Drive with the program broadcast through KPWB via remote control.

As chairman of the day Shermerman will introduce the talent, which will include Jack Sherman's concert orchestra, the contribution of KPWB to the meeting; Baron Keyes, with Cotton and Leah Harline, all from KPLA; Minnesota's Argentine Basca, from Gramma's Chinese Theater, the Benches, Roda and Antoinette, and Dick After, accompanist.

The meeting's main purpose is to be one of the liveliest gatherings of the radio trades fraternity in many months.

DINNER FOR LAFONT

Then at noon special significance attaches to the radio dinner at the Alexandria, when the Chamber of Commerce will hold a luncheon for Radio Commissioner LaFont, fifth member of the Federal radio group.

Mr. LaFont arrived in the city early today and will spend the day here with conferences at the Billmore, according to a prearranged engagement schedule with broadcast officials and station managers.

The commissioner's luncheon topic will be on the elimination of stations according to preliminary announcements.

Today's holiday gathering is not confined to Chamber of Commerce members, but is open to the public in general. Reservations may be secured via telephone through Mr. Harmon at the office of the organization.

BEGGAR'S OPERA

One of the unusual musical features to be presented for the radio audience tonight will be the 8-to-9 hour over KPO, when "The Beggars' Opera," one of the first comic operas ever given in musical form, will be on the air with a specially selected cast.

This opera, which now is being revived throughout the world, was originally written and produced by Dr. Johann Christian Bach, and of recent years it has been revised, reharmonized and augmented by Frederic Austin, and being produced both here and in Europe by prominent companies.

KMTC TO OFFER TIME-TOPICS HOUR

WASHINGTON, Jan. 4. (Extensive) Forty-five radio-beacon stations are now operating on the coasts of the United States and the territories, according to a statement issued today by the Federal Bureau of Investigation.

Perhaps the most unusual and picturesque radio station in the world is one of these beacon stations, located atop an extinct volcano on Maunaloa Point, Hawaii, just out of Honolulu.

The transmitter, which is a radio station has antenna towers that range 800 feet above sea level, the masts being eighty feet high.

The transmitter flashes its intermittent signals for all trans-Pacific vessels to help guide them through the waters of the Hawaiian Islands.

The station recently was installed by J. L. Preston, chief of the radio section of the United States Light-house Service. Three keepers and their families live on the point. There are only a few miles from Diamond Head, the famous resort, and just fifteen miles from Honolulu, so that the traditional loneliness of the life of lighthouse keepers in this instance does not apply.

RADIO KNIC TO OBSERVE FIRST BIRTHDAY

INGLEWOOD, Jan. 4. (Radio) station KNIC will observe its first birthday on the 10th inst. with a continuous broadcast of all-star talent and a day-and-night program commemorating the event.

TEN IN BANK AS BANDIT GETS CASH

Manager Has to Wrap Money While Customers and Employees Look On

Asserting he had two confederates waiting outside, a bandit held up ten persons in the Citizens' Trust and Savings Bank branch at 5400 South Western avenue at noon yesterday and escaped with \$1500 in bills. Fred A. Follett, manager of the branch, was compelled at the point of a gun to wrap up the money in a newspaper for the robber, who took it, walked out and got away.

Four customers and five employees, besides Follett, were in the bank when the man entered and produced a revolver. He hurried all into a corner near the teller's cage and ordered them to keep quiet, while Follett prepared the money so that it could be carried without attracting attention. With a paring bit of advice as to the usefulness of the money, the bandit went to the door and left, no one seeing whether he carried a gun.

Jury Finds He Trained Dogs to be Fighters

At the conclusion of a two-day trial, Frank Johnson was yesterday convicted by a jury in Municipal Judge Pope's court of training his three dogs for fighting exhibitions.

Charles C. Gardner, joint defendant in the action, was acquitted, however, the jury finding his connection with the offense too insignificant for punishment.

Judge Pope ordered Johnson to appear before him tomorrow at 10 a.m. for sentence. The maximum penalty for the offense is six months in the City Jail together with a \$500 fine.

Attorney Chas. Bush, counsel for the defendants, placed Johnson on the witness stand in an effort to show the dogs fought voluntarily, thus insuring the numerous scars and cuts cited by the prosecution. Johnson said he and Gardner were trying to separate the dogs when they were arrested on complaint of neighbors. The asserted fight exhibition occurred at Johnson's home, 8700 Graham avenue, Watts.

Chief Trial Deputy City Prosecutor Earlward prosecuted the defendants.

Woman's Dress Ignited by Stove

Severely burned when her dress caught fire from a gas stove in her home, 518 North Hill street, yesterday, Mrs. Natalie Moore, 54 years of age, is in a critical condition at General Hospital.

Her 15-year-old daughter, Rose, suffered minor burns about the hands and arms in extinguishing the flame. She was able to go home after treatment at the street receiving hospital.

Mrs. Moore was preparing the evening meal and had attempted to remove a pan from the stove, placing a cloth around her hands. The cloth trailed over the fire and ignited, the woman's dress quickly catching fire from the cloth. Rose ran to her mother in response to the latter's screams, and bent over the flames with her hands.

Hotels Affected by Canal Travel

"Travel by way of the Panama Canal from the East is having a distinct effect upon the season's hotel business in Southern California," said John D. King, assistant manager of the Ambassador, yesterday.

"The big hotels are not leaving early enough," he said, "with the result that many visitors are not arriving here until February 5 to the 11 instead of the middle of January as in former years. I also find that many are coming to the Coast by way of Florida. This fact, however, indicates the prosperity of the nation."

"People are covering more territory and taking more time for winter vacations than in former years, but I do think that something should be done to have the big hotels via the canal scheduled for departure from New York a little earlier."

F. P. JONES RITES SET

Obsequies for Angelino Will Be Conducted Today

Funeral services for Frank P. Jones, 60 years of age, who died at his home, 330 West Thirtieth street, Tuesday, are to be conducted from the W. A. Brown undertaking parlors, 215 South Flower street, at 3 p.m. today. Interment is to be in Inglewood Cemetery.

Since coming here twenty-five years ago, Mr. Jones had been connected with the J. W. Robinson Company. He leaves his widow, Mrs. Ella E. Jones, and one daughter, Miss Hortense Barnhart Jones.

Menjou Film, Bright Stage Acts Arrive

Two attractions, one on the stage, and the other on the screen, mark the opening of the week's bill at the Metropolitan Theater today. The feature picture is Adolphe Menjou in "Serenade," a Paramount offering. On the stage the eight Victor artists will be heard. These artists are Henry Burr, tenor; Billy Murray, tenor; comedian; Monroe Silver, monologist; Frank Santa, pianist; James Stanley, baritone; Carl Mathieu, tenor; Stanley Baughman, bass, and Sam Herman, xylophone.

"Serenade," written by Ernest Valda, Hungarian playwright, is the story of a young Viennese composer who falls in love with his landlady's daughter and dedicates to her a song which wins tremendous popularity. He then marries the young woman and they leave the rooming-house to live in affluence. Sought after by women, flattered, fussed over, the composer begins to view his wife as he would an acquired intimate object, and shifts his visible affections to a dancing girl. The wife decides that it is up to her to show her husband she is very much alive and so she leaves him. The ending of the picture is a complete surprise. Kathryn Curry plays the part of the wife and Lina Scurie is the dancer. Harry D'Abadie D'Arrast directed the picture.

Adolphe Menjou, conducting the augmented Metropolitan orchestra and a vocal ensemble on the stage, will on the week's bill "Fragments Musicaux," with George Klean, concert violinist.

Burke Succeeds in Chosen Line

The true test of a comedian is to know when to stop. That is why Johnny Burke has made a success in his business of making folks laugh for the last twenty years. And that is why he is making them laugh with his act, "Dirty Work." It is a comedy in which he plays the part of a comedian who has been in the business for twenty years. He is the comedy in the film. And every laugh he draws is a natural one—he doesn't make a forced move, it is added.

"Broadway" is in Final Week

An outstanding bit of the season in the theater is "Broadway," the colorful and gripping night life classic now in the final week of the unusually successful engagement at the Madison.

Robert Cavanaugh, well remembered by theatergoers, has the "choof" role, and Claire Noyce plays "Billie" Moore. Dee Loretta, Richard Craker, Maurice Black, Hooper Atchley, Morris Ankrum, Doris Kemper, Rosita Kyle, Nellie Leach are other popular players.

GOVERNOR VISITS THEATER

Gov. Young yesterday visited the new United Artists Theater after having made a special trip from Sacramento to Los Angeles to visit friends in Southern California. He was accompanied by a party of State officials.

The Governor was greatly impressed by the theater as well as by the lobby and foyer comprising in beauty and grandeur with those here.

While in Los Angeles Gov. Young will be the guest of Mary Pickford, Douglas Fairbanks and Mr. and Mrs. Joseph M. Schenck. With his staff he will visit the United Artists studio and the John Barrymore and Dolores Del Rio sets, where production on new pictures is now under way.

HUGE FOX PROGRAM MAPPED OUT

One Hundred Million Dollars to Be Spent on Films; Jacqueline Logan Headed for De Mille Stardom; Johnny Mack Brown Signs With M-G-M.

BY GRACE KINGSLEY

Today that Dorothy Bevier would win the title of the most beautiful woman in the world, according to an announcement of Winifred P. Sheehan, a Fox film manager, who has just completed the first production to have half its action spoken as well as pantomimed, and has received credit for the handling of the picture, "The Lion and the Mouse," that at least one stage producer believes he has a new directorial find in him.

Sheehan is not at liberty to reveal the title of the play he has been asked to direct, as it may not be possible, due to his long-term contract with Warner Brothers. The offer, at any rate, forecasts a new situation between the stage and screen.

Johnny Mack Brown Remains. It is very certain now that Johnny Mack Brown will never go back to playing football again. Ever since he was released from the game held at Pasadena, Brown has been discovered by Irving G. Thalberg to have screen possibilities, he has been steadily rising in the "line" and studio officials favor.

Yesterday Thalberg announced that he is a placed Brown under a new contract, and that plan are being made for him to play leads in several Metro-Goldwyn-Mayer productions.

Johnny first appeared with Jackie Cooper in "The Bugle Call." Then, in "The Fair Co-Ed," he played the hero. At the present time he is filling the male lead in "Square Crooks," for William Fox, and will do another lead for that organization before returning to his own studio.

Lyon to Leave Concern. All signs and points point to Ben Lyon leaving First National at the expiration of his contract with that company. It appears that concern, which occurs about the time a star leaves a company, is occurring about Lyon's departure. Lyon is ambitious to play interesting character roles rather than straight leads, which is a credit to his good sense in carrying more for a chance to play character roles than merely to pose before the camera.

Lyon has had a variety of offers from other companies, according to reports, and it is quite likely that he will align himself with one of these when he finishes at First National. It is possible he may go with United Artists.

EXECUTIVE DEPARTS ON SHORT VACATION

On his first vacation in two years, Harry Rapf, associate producer at the Metro-Goldwyn-Mayer studio, is leaving today for New York where he will spend three weeks visiting old friends and attending new Broadway shows with the idea of cornering more motion-picture material.

Rapf's departure for the East will mark his second vacation in four years, the first since he returned from Europe two years ago after a continental tour with his family.

His trip has been timed with the idea of having him back at his desk before Irving G. Thalberg and his bride, Norma Shearer, leave for a belated honeymoon which will embrace a tour of most of the principal countries of Europe.

SHIRINERS WILL VIEW EXCERPTS FROM SHOW

Oliver Morosco will present "The Morning After," his new musical comedy which is playing at the Hollywood Play House, at a regular meeting of the Al Malakoff Temple Shiriners at the Biltmore Hotel today. Morosco and the entire cast are to be guests of the Shiriners.

To the play, the producer has added some new dances and songs, and also changed a little of the script of the play.

FRONTIER LIFE IS DEPICTED IN OPERA

Pauline French

A fast-moving plot in which Russian-Austrian frontier life during the war is vividly depicted, makes "Katinka," at the Shrine Auditorium, one of the most tuneful and entertaining of all the old-fashioned light opera favorites. Luring melodies are featured throughout the piece and the action allows for the displaying of picturesque costumes in all three acts.

Pauline French portrays Olga, one in the large cast.

Tolstoy Novel Known to All World Tongues

Love

Love, starring John Gilbert and Greta Garbo, will have its western premiere at the Million Dollar Theater today, where it inaugurates a limited engagement. This film, based on Tolstoy's novel, "Anna Karenina," was directed by Edmund Goulding for M-G-M. The supporting cast includes George F. Pavoni, Emily Flynor, Brandon Hurst and Philippe de Lacy. The Tolstoy novel of a woman's sin and atonement, was translated into practically every language in the world following its success in Russia. In view of the remarkable success last winter of Clarence Brown's "Flesh and the Devil," in which Gilbert and Garbo played opposite each other, public interest has been focused on the new picture opening today at the Million Dollar.

A few weeks ago "Love" had its world premiere at the Embassy Theater in New York, where it is still playing to record audiences at a top price of \$2. The day after the opening all seats for the next two performances had been sold at the Embassy and at the present time the management reports the largest advance sale in its history.

Lasky Pictures Used as Models

A remarkable complimentary gesture has been made to the Paramount-Famous-Lasky company by the United States War Department for the former's production of "Wings," which will begin an engagement at the Biltmore Theater the 15th inst. Dedicated to the famous Second Division, a huge memorial to cost over \$100,000 is to be erected in Washington. Because of their accuracy, still pictures from the photoplay of "Wings" will be used almost exclusively as models for this work, it is said.

Paramount constructed an exact duplicate of a sector of St. Michel in order to obtain the spectacular battle shots for the climax of the play, and these so impressed War Department officials that they asked permission of Jesse L. Lasky to model from the stills.

"Wings" was directed by William Wellman, who was himself a flyer in the famed Lafayette Escadrille. The story was written by John Monk Saunders, an instructor in aviation for the American forces during the World War.

The cast includes Clara Bow, Charles Rogers, Richard Arlen, Joya Rogers, Gary Cooper, Artistic Marshall, R. B. Whitall, Nedra Hopper, Al Brendel and Gunboat Smith.

Cast Night is Loew's Event

Cast night will be celebrated as an added attraction tonight at Loew's State Theater, with the players of Albert Rogell's production "The Shepherd of the Hills," scheduled to appear at both performances on the stage.

Rogell, the director, who will act as master of ceremonies, will introduce Alec R. Francis, John Boles, Maurice Murphy, Marian Douglas, Alec Harlan, Carl Stockdale and Joe Bennett—all playing important roles.

The young director of the "Shepherd of the Hills," although only 26 years of age, has made seventy-five films in the eight years that picture have occupied his attention. His treatment of the current adaptation has attracted a great deal of attention in the industry.

Tonight is the last night of the current program, which also includes a circus on the stage.

Tomorrow begins Laugh Week with Karl Dane and George K. Arthur in "Baby Mine," a comedy, and a cast of comical on the stage, and "Our Gang in 'Dog Heaven'."

Three Weeks to See Run's End

Announcement that the combination of Sid Grauman's prologue and "Douglas Fairbanks as The Gaucho" will close its engagement in Grauman's Chinese Theater within three weeks was made yesterday by the theater manager.

The definite closing date of the presentation has not been fixed by Grauman nor has yet been revealed the identity of the production, to follow it.

The prologue introduces such performers as Borrah Minnetrich and his "Argentine Racers," harmonica band extraordinary, Triana and Annette, tango artists, and the "Latin American John McCormack;" White and Manning, whirlwind comedy dancers; the "Gaucho" (Marimbe Band); Mariano Delgado, with his novel guitar instrument, and other unique features.

MAJESTIC MADE OVER

Interior of Theater Renovated for Opening of "Hit the Deck"

With twenty-eight men employed in the work, Lillian Albertson's Majestic Theater is undergoing a complete renovating program in preparation for the coming, Monday night, of her production of Vincent Youmans' musical comedy, "Hit the Deck."

According to Miss Albertson, the Majestic is the fourth theater under her management during the past two years requiring a change in the footlights. The paraphs over the footlights, she says, have always been too high to permit the audience to witness "the shape" of the chorus. She has completely rebuilt the front of the Majestic stage to improve the visual range.

When "Hit the Deck" opens, the Majestic will be practically a new theater on the interior from previous times to Boon, Miss Albertson declares. All new seats of soft plush are being installed and every comfort is being looked after.

NEW YORK CAN'T DO WITHOUT ITS "ABIE"

The stage comedy "Abie's Irish Rose," which had a five and a half years' run at the Republic Theater in New York, has been booked to reopen at that playhouse in March, 1929.

The author, Anne Nichols, who has been working on a screen version of the play for the past six months, today announced completion of negotiations with Oliver D. Bailey, New York theater lessee, for presenting the comedy "to the new generation."

CRYER'S RECALL RUNS INTO SNAG

City Attorney Rules Out Extra Petition

Nine Sheets of Original Also Held Incompetent

Dominguez Starts Check With 100 Deputies

City Attorney Stephens in a written opinion yesterday sustained City Clerk Dominguez on legal questions relating to the recall petition against Mayor Cryer filed last Friday by Mrs. Estelle C. Holman, former City Planning Commissioner, with the result that an additional petition of new signatures, which Mrs. Holman attempted to file last Saturday, was ruled out, as were nine sheets of the original petition, which will deduct 1500 signatures from the estimated total of 43,000 of this first petition.

The nine sheets of signatures were ruled out by the City Attorney as they were on a double petition form which asked the recall of both the Mayor and the City Attorney.

CITY DECISIONS

In his written ruling to the City Clerk, the City Attorney cited numerous court decisions. On the question of whether a double recall petition is legal, the City Attorney quoted court decisions which held a recall cannot be jointly directed against several officials, the courts holding an official against whom the recall had been invoked "should have the right to be judged alone by his fellow citizens as to his merits or demerits."

START CHECKING

Dominguez yesterday started to work a force of 100 deputies checking the original petition from the affidavit of registration on file at the office of the County Registrar of Voters. The first day's check resulted in many names being ruled out because the signers are not registered voters. Representatives of both sides in favor of the recall and of Mayor Cryer's political advisers were present at the checking by invitation of Dominguez, who desires both sides to be satisfied the checking is carried out in an accurate, fair, impartial manner.

As a result of the two legal rulings of the City Attorney as well as the results of the first day's checking, it was evident last night the petition will be found to lack the 32,000 names of registered voters required to call a special election. The petition may shrink between 20 and 30 per cent on checking, which will make it necessary for Mrs. Holman to obtain between 10,000 and 15,000 names of registered voters on a supplemental petition in ten days if she is to succeed with the recall movement.

MAY BE DIFFICULT

Obtaining of these additional names will be difficult as the new registration started only last Tuesday.

If the original petition is found insufficient, the City Clerk will ask the City Attorney for a ruling as to whether or not signatures from the old registration, which went out of existence last Saturday, are legal on the supplemental recall petition.

The City Clerk will continue checking of the original recall petition night and day and hopes to complete the work early next week.

Dismissal for Two Officers in Hi-jacking Case

Found guilty of hi-jacking and attempted extortion, Officers Harold D. Allen and O. F. Watkins of the Wildfire division were dismissed from the police department by the trial board yesterday. Sgt. Baumgartner of the same division was fined one month's pay for asserting "failure to see that Allen and Watkins enforced the law." Evidence used in the trial of the men will be turned over to the District Attorney for whatever criminal action he may see fit to take. It was announced.

RAHNI TO TALK ON JAZZ

Rabbi Magnin will discuss "The Jazz Singer" at the temple at Ninth and Hope streets tomorrow evening at 8 o'clock. The subject of the talk is the rabbi will discuss the part that jazz plays in modern life, its origin and development and the psychology of the American people as indicated by the popularity of jazz. He will also comment upon the author's contention that jazz is "a form of prayer."

Promoter and Wrestler Stage Bout Without Benefit of Referee or Gate Receipts, But Officer Decides Judge Must Give Decision

An impromptu bout, staged without benefit of advance publicity, official referee or gate receipts, between Lou Daro, wrestling promoter, and a wrestler known as the "Terrible Turk" at Third and Figueroa streets, yesterday resulted in the arrest of the combatants on charges of disturbing the peace. Both were booked at the City Jail. Daro later being released last night.

According to witnesses, the two indulged in a heated discussion about something or other of interest mostly to themselves, and one of them

Encore of Latest Role Unwanted

Virginia Lee Corbin Pays Fine for Speed and Lack of Driver's License

Accompanied by her mother, Mrs. Virginia Francis Corbin, the actress

walked to the defendant's bench and admitted speeding and explained she had not found time to take the examination for her license.

Miss Corbin was arrested about midnight on December 22, last, for speeding thirty-three miles an hour on Vine street near Melrose avenue. She also was charged with having illegal headlights.

Judge Valentine imposed a \$10 fine for speeding and \$5 for failure to have a license. The headline violation was suspended with the proviso the actress have the lights regulated as well as taking the examination for a driver's card.

Miss Corbin said she is living with her mother at 877 South Wilton place.

Orabel Chilton, Professor at U.C.L.A., Dies

Miss Orabel Chilton, associate professor of home economics at the University of California at Los Angeles

for the past fourteen years, died yesterday after an illness of seven weeks. She was 53 years of age and had been a resident of Los Angeles for nearly twenty-one years.

Prior to entering the university Miss Chilton was a teacher at Santa Ana, where she lived. She was the wife of Dr. George David Chilton, a physician, and had two children, a son, George, and a daughter, Frances.

Funeral services will be conducted at St. John's Episcopal Church on West Adams street, Dr. George David Chilton, officiating. Burial will be at Fairhaven cemetery, Santa Ana.

LAW CASTS ACTRESS AS DEFENDANT

Virginia Lee Corbin Pays Fine for Speed and Lack of Driver's License

Avoiding the ignominy of having a bench warrant issued for her arrest, Virginia Lee Corbin, 18-year-old film actress, appeared in Municipal Judge Valentine's court yesterday and paid fine totaling \$15 for speeding and failing to obtain a driver's license.

Accompanied by her mother, Mrs. Virginia Francis Corbin, the actress walked to the defendant's bench and admitted speeding and explained she had not found time to take the examination for her license.

Miss Corbin was arrested about midnight on December 22, last, for speeding thirty-three miles an hour on Vine street near Melrose avenue. She also was charged with having illegal headlights.

Judge Valentine imposed a \$10 fine for speeding and \$5 for failure to have a license. The headline violation was suspended with the proviso the actress have the lights regulated as well as taking the examination for a driver's card.

Miss Corbin said she is living with her mother at 877 South Wilton place.

Orabel Chilton, Professor at U.C.L.A., Dies

Miss Orabel Chilton, associate professor of home economics at the University of California at Los Angeles

for the past fourteen years, died yesterday after an illness of seven weeks. She was 53 years of age and had been a resident of Los Angeles for nearly twenty-one years.

Prior to entering the university Miss Chilton was a teacher at Santa Ana, where she lived. She was the wife of Dr. George David Chilton, a physician, and had two children, a son, George, and a daughter, Frances.

Funeral services will be conducted at St. John's Episcopal Church on West Adams street, Dr. George David Chilton, officiating. Burial will be at Fairhaven cemetery, Santa Ana.

able person may increase the previous highest bid by a bid of not less than five per cent in excess thereof, and the property will be sold to the highest bidder unless the Board for some unforeseen reason exercises its right to reject any and all bids.

Much interest is being manifested in this property on account of its location and because it is such a large tract of unimproved land. If a purchaser wanted to secure a tract of that size for a large building project anywhere within the business district of Pasadena, he would have to pay a large amount of money for improvements, which would be of use to him and they would bring him practically nothing if sold to be moved or to be wrecked. On this property he is paying nothing for improvements.

Announcing the New Series

PONTIAC SIX

With
FOUR-WHEEL
BRAKES

NOW BIDS FOR EVEN
GREATER SUCCESS

Product of
General Motors
Body by Fisher

New In Style from Radiator to Tail-Light • Offering Scores of Vital Advancements at No Increase In Price!

An original and solid type of beauty...
...the New Series Pontiac Six takes a prominent place among the style leaders of the year.

EVEN the impressive array of new features given herewith cannot convey the extent to which the New Series Pontiac Six surpasses all previous attainments in the field of low-priced cars. After enjoying a spectacularly successful career, Pontiac Six now bids for even greater success with a car greater in every way.

Read this Partial List of Added Features

NEW FISHER BODIES—New lines, new Duo colors, new double beading, new elongated windows, new hood and cowl.

NEW FENDERS—New headlamps and the rod, new running boards with 3 hangers and paneled shields.

NEW FOUR-WHEEL BRAKES—Equalized and mechanically operated.

NEW 600 CYLINDER HEAD—Developed by General Motors Research. Proved on the Oakland All-American Six. Reduces knocking or detonation and eliminates thump with any type of fuel.

NEW FUEL PUMP—with gasoline filter. Replacing conventional vacuum tank.

NEW CRANKCASE VENTILATION—eliminates crankcase condensation.

NEW CARBURETOR—with accelerating pump, internal economizer and venturi choke.

NEW MANIFOLDS AND MUFFLER—for more efficient fueling and exhaust gas scavenging.

NEW AND GREATER POWER—achieved by the foregoing engine improvements.

NEW CROSS-FLOW RADIATOR—Revolutionary new type cooling system. Virtually eliminates water vapor and alcohol losses. New Indian Head emblem.

NEW THERMOSTAT—automatically assures proper temperature of cooling system water.

NEW WATER PUMP—balanced impeller type with oil feeding bushing.

NEW INSTRUMENT PANEL—tricolor type. Indirectly lighted.

NEW COINCIDENTAL LOCK—on instrument panel. Turning ignition key also locks transmission.

NEW DASH GASOLINE GAUGE—on instrument panel. Liquid level indicator.

NEW STOP-LIGHT—Tail-light unit.

NEW CLUTCH—single dry-plate type. Softer, smoother, more positive in action.

NEW STEERING GEAR—for exceptionally easy steering. New steering wheel.

NEW FRAME—stronger, deeper. Adapted for Low-Joy Shock Absorbers. Includes new tire carrier.

NEW AXES—front and rear. One inch greater road clearance.

NEW WHEELS—larger and more massive in appearance. New hub flanges.

Emphasizing the importance of this announcement are two entirely new and additional body types: the Four-door Sedan; and the Sport Landau Sedan, a close-coupled, swaggy creation, exemplifying the highest art of Fisher closed body craftsmanship. Come in and see this history-making line of Sixes, available in six body types.
